10. Church vs family plans

## 1. What is a church plan?

Churches can purchase **bulk subscriptions** for their congregation. A church administrator (pastor or designated leader) manages members from the church portal.

- Each member gets their **own Spiriment account** with features based on their assigned tier.
- Billing is **central**: a monthly invoice is emailed to the church billing contact (from the church portal or Spiriment Admin).
- All church members receive an automatic **5% discount** on any tier.
- Churches with **100+ members** (mentors and mentees combined) receive **10%** off each member.

**Important:** Church plans work differently from family plans. Members join via a **church code or slug** in the app — not by email invitation like family plans. Members do not pay individually when billed centrally.

## 2. How members join

1. The church administrator sets up the church plan and receives a **church code** (or slug).
2. A member opens Spiriment → **Profile** → **Church** and enters the code (or joins during onboarding).
3. The church administrator **approves** the member in the church portal.
4. Once approved, the member is linked and the church discount (5% or 10%) applies automatically.

Members do not manage their own billing or tier — the church assigns tiers, and the church pays one central invoice for the congregation.

## 3. Pricing & discounts

| Detail                      | Policy                                                    |
|-----------------------------|-----------------------------------------------------------|
| Standard church discount    | 5% off any tier                                           |
| Large church (100+ members) | 10% off any tier                                          |
| Member count                | Mentors + mentees linked to the church portal             |
| Per-member tiers            | Basic, Pro, or Premium — set independently                |
| Discount stacking           | Best single discount per person (mentor / church / youth) |
| Portal fee                  | €50 / month for church portal dashboard access            |

Discounted monthly prices

| Tier    | Standard | Church (5% off) | Large church (10% off) |
|---------|----------|-----------------|------------------------|
| Basic   | €3.00    | €2.85           | €2.70                  |
| Pro     | €5.00    | €4.75           | €4.50                  |
| Premium | €7.50    | €7.13           | €6.75                  |

4. Per-member tiers & features

Not every member needs the same tier. Assign Basic for everyday reading, Pro for AI tools and occasional mentoring, or Premium for regular mentorship.

What each tier includes

| Feature                                   | Basic<br>€3 | Pro<br>€5  | Premium<br>€7.50 |
|-------------------------------------------|-------------|------------|------------------|
| Unlimited Bible access (all translations) | ✓           | ✓          | ✓                |
| All reading plans                         | ✓           | ✓          | ✓                |
| Daily streak & calendar tracking          | ✓           | ✓          | ✓                |
| Monthly & yearly reading reports          | ✓           | ✓          | ✓                |
| AI verse summaries & context              | —           | ✓          | ✓                |
| Personalized reading recommendations      | —           | ✓          | ✓                |
| AI-assisted reflection prompts            | —           | ✓          | ✓                |
| AI-generated session summaries            | —           | ✓          | ✓                |
| Session history & progress tracking       | —           | ✓          | ✓                |
| Mentorship sessions / month               | —           | 1 (1 hour) | Up to 4          |
| Deep dive analysis & theological context  | —           | —          | ✓                |
| Priority mentor matching                  | —           | —          | ✓                |
| Advanced session reports & analytics      | —           | —          | ✓                |
| Video call access & recordings            | —           | —          | ✓                |
| Early access to new features              | —           | —          | ✓                |
| Premium support                           | —           | —          | ✓                |

Higher tiers include everything below them. Church discounts (5% / 10%) apply to these list prices on the central invoice.

## 5. Central billing & invoices

A monthly Stripe invoice (for example **SPI-2026-0847**) is emailed to the church billing contact. It can be generated from the **church portal Billing page** or by Spiriment Admin. The invoice includes:

- **€50** church portal / dashboard monthly fee
- All assigned member tiers at the applicable 5% or 10% discount

Family plans can also receive a central invoice for member tiers only — there is **no €50 dashboard fee** for families (they manage plans in the app, not a web portal).

## 6. Church administrator tools

From the church portal, administrators can:

- View all members and their roles
- Approve or reject join requests
- Add or remove members
- View church-wide engagement and reading statistics
- Share the join code with the congregation
- Preview and generate the monthly Stripe invoice

Seat assignment and member tiers are managed in Spiriment Admin (super admin).

## 7. Member experience

| Topic         | Member can...                         | Member cannot...                     |
|---------------|---------------------------------------|--------------------------------------|
| Using the app | Use features for their assigned tier  | Change their own tier or billing     |
| Joining       | Enter church code in Profile → Church | Join via email invite (family plans) |
| Leaving       | Leave church in Profile settings      | Cancel church billing themselves     |
| Discount      | Receive automatic church discount     | Stack church + ambassador discounts  |

## 8. Church portal

Church leaders access a dedicated portal to manage the plan. Typical workflow:

1. Set up church profile (via Spiriment Admin).

2. Share the church code with your congregation.
3. Review and approve join requests.
4. Monitor engagement through dashboards and reports.
5. Generate the monthly invoice from Billing (or ask Spiriment Admin).

## 9. Example pricing

---

### 25 members on Basic (5% off) + portal fee

$€2.85 \times 25 = €71.25 + €50 \text{ portal} = \text{€121.25/month}$

### Large church — 100 members on Basic (10% off) + portal fee

$€2.70 \times 100 = €270 + €50 \text{ portal} = \text{€320/month}$

## 10. Church vs family plans

---

|                  | Family plan                   | Church plan                               |
|------------------|-------------------------------|-------------------------------------------|
| Who manages      | Parent / guardian (in-app)    | Church administrator (portal)             |
| How members join | Owner adds by email           | Member enters code; admin approves        |
| Dashboard fee    | None                          | €50 / month                               |
| Discount         | Youth % (per eligible member) | 5% all / 10% if 100+                      |
| Billing          | Central invoice to parent     | Central invoice to church billing contact |
| Best for         | Households                    | Congregations & ministries                |
